

Dear Future 3rd Grade Students and Parents,

School is out and summer is here! We hope you are planning to get away and enjoy family time together with your children. Although summer is a time to take a break from school, it is still important for your children to keep reading. We hope you have signed up your children in your local library's summer reading program, if not, it's not too late! We will be assigning a book to be read over the summer with a corresponding project in addition to a fun summer reading bingo log!

Students will read Flat Stanley: His Original Adventure by Jeff Browns. Students will cut and color the attached Flat Stanley and take him along with their summer adventures. You may laminate Flat Stanley for durability. Please be sure to take Flat Stanley with you to the pool, the water park, on vacation, and other fun places! Students will keep a journal about their adventures and include pictures! Please complete at least four journal entries.

Included is a fun summer reading log for students to complete and turn in at the beginning of the school year in exchange for a fun prize! Attached you will also find a list of recommended summer reading books and our class supply list. In addition, if your child has an IXL account, please continue to have them practice on it throughout the summer months.

Have a blessed summer and we will see you in the fall!

Your 3rd Grade Teachers
